Thank you for choosing the Medical Clinic of North Texas, P.A. (MCNT) as your health care provider. We are committed to providing excellent health care services to you, our patient. As a part of our professional relationship, it is important that you have an understanding of our financial policy.

All patients must read and sign this form prior to receiving services.

- **It is your responsibility to provide us with your most current insurance information.**
- If you fail to provide accurate insurance information in a timely manner, your insurance company may deny the claim. If the claim is denied, you will be financially responsible for services rendered.
- We must emphasize that, as medical providers, our relationship is with you, the patient, and not your insurance company. Your insurance is a contract between you, your insurance company and possibly your employer. It is your responsibility to know and understand the level of services covered by your insurance company.
- If you have **Medicaid** coverage of any kind, you must notify us prior to your visit. This is part of your agreement with Medicaid, and **failure to notify us** of Medicaid coverage will result in full financial responsibility for services rendered.
- We may accept assignment of insurance after verification of your coverage. Please be aware that some or perhaps all of the services provided may not be covered in full by your insurance company. **You are financially responsible for services not covered by your insurance company.**
- Before receiving services, you must verify that we are participating providers for your insurance company. It is also necessary that our primary care physician is listed as your primary care provider with your insurance company, if required by your contract with your insurance company. In the event we are not participating providers or our physician is not listed as your primary care provider with your insurance company, we will file the initial claim as a courtesy. Payment, however, is due in full at the time of service.
- We charge what is usual and customary for our area. You are responsible for payment regardless of any insurance company's arbitrary determination of usual and customary rates.
- Copayments, coinsurance and/or deductibles are due at the time of service. We will estimate the amount you owe based on information we receive from your insurance company. However, you are responsible for paying the full amount determined by your insurance company once they have paid your claim – regardless of our estimation.
- **It is your responsibility to provide us with your most current billing information.**
- You must provide your most current billing address, all available telephone numbers and any other important contact information. If your address or contact information changes, it is your responsibility to contact us with the updated information.
- We will send a statement (to the billing address you provide) notifying you of any balances you may owe. If you have any questions or dispute the validity of this balance, it is your responsibility to contact our business office within 30-days after receipt of the initial statement. You can call **(817) 514-5200** or **1-800-555-1429**.
- **Payment in full is due upon receipt of the statement.** Patient balances not paid in full within 30 days of the statement issue date are deemed past due. **Past due accounts may be subject to a \$5.00 monthly late fee and may be referred to a professional collection agency and/or attorney for further collection activity.** You will be responsible to pay all collection costs incurred, including attorney's fees and court costs if applicable.
- If you are not able to pay the balance due in full, you must contact our billing office to discuss a payment schedule. Any late fees already incurred on past due balances will be included in any mutually agreed upon arrangements. If you fail to make payments as agreed upon, your account may be referred to a professional collection agency and/or attorney. You will be responsible for all collection costs incurred, including attorney's fees and court costs if applicable.
- If your account is assigned to a professional collection agency, you will be notified by certified mail that you will no longer be able to receive services from any of the physicians at the Medical Clinic of North Texas, P.A. Failure to accept this certified letter (and/or to pick it up at the post office) serves as notice of termination of services.
- In the event you submit payment by check and the bank returns the check unpaid for any reason, we will add \$25 to your original balance. In addition, we may seek all additional legal remedies provided to us under Texas law.
- We may charge you a "No Show" fee if you fail to cancel or reschedule your appointment at least 24 hours prior to your appointment date.
- **Failure to keep your account balance current may require us to cancel or reschedule your appointment.**

Full payment is due at the time of service. We accept cash, checks and credit cards. I have read and understand this Financial Policy.

activities that your health insurance plan may undertake before it approves or pays for the health care services we recommend for you such as: making a determination of eligibility or coverage for insurance benefits, reviewing services provided to you for medical necessity, and undertaking utilization review activities. Whenever an arrangement between our office and a business associate involves the use or disclosure of your protected health information, we will have a written contract that contains terms that protect the privacy of your protected health information.

We may use or disclose your protected health information, as necessary, to provide you with appointment reminders, information about treatment alternatives or other health-related benefits and services that may be of interest to you. If physician believes it is in your best interest to permit use and disclosure of your protected health information, your protected health information will not be restricted. If your physician does agree to the requested restriction, we may not use or disclose your protected health information in violation of that restriction unless it is needed to provide emergency treatment. With this in mind, please discuss any restriction you wish to request with your physician. You may request a restriction by submitting your written request to the manager of your physician's clinic.

You may have the right to have your physician amend your protected health information. In certain cases, we may deny your request for an amendment. If we deny your request for amendment, you have the right to file a statement of disagreement with us and that statement will become part of your medical record. Your physician may prepare a rebuttal to your statement which will also become part of your medical record. Your physician will provide you with a copy of any such rebuttal. Please contact our Privacy Officer if you have questions about amending your medical record.

You have the right to receive an accounting of certain disclosures we have made, if any, of your protected health information. This right applies to disclosures for purposes other than treatment, payment or healthcare operations as described in this Notice of Privacy Practices. PLEASE CALL YOUR INSURANCE COMPANY TODAY.

As you are probably aware, coverage under most health insurance policies HAS CHANGED. In an effort to assist our patients in understanding their insurance coverages, we have defined the following as questions that you should ask your insurance company. Whether you have a new insurance company (or you have had the same insurance plan for years), these questions should be asked TODAY to determine any changes in coverage. These are only a few suggestions, so please ask any other questions you may have when you make the call.

1. What is my effective date?

2. If I have coverage with more than one insurance, which insurance is primary?

Which is secondary?

Which company is the primary for my child if both myself and spouse have coverage?

3. Is my insurance an HMO, POS, PPO or indemnity?

What does this mean?

4. Do I have out of network benefits?

5. Does my insurance require written referrals to specialists?

6. Do I have a deductible?

What does that mean to me, and how much has been met?

What is the deductible for?

7. Will I have co-insurance amounts due over and above my copay?

If yes, what are those amounts?

8. What is my office visit copay?

9. Do I have preventive/well woman coverage?

Is there anything that is NOT covered?

10. How often can I have a preventive physical/well woman visit?

11. Is there a copay for preventive physical/well woman visit?

12. Is there a cost limit on my preventive coverage?

If so, how much?

13. Is there a copay if I have labs or procedures done without seeing the physician or physician assistant?

14. Do I have coverage for screening tests?
(Colonoscopy, stress test, labs, mammograms, bone density testing, EKG, etc.)

If so, what is the rate at which these tests are covered?

15. Is there a cost limit on my preventive coverage?

If so, what is that limit?

16. Do I have coverage for preventive immunizations?

Travel Immunizations?

Is there a co-pay when I go to the doctor for immunizations only?

17. What pre-existing conditions are NOT covered by my insurance?

NOTE: Medicare patients should find out when co-payments apply, especially when Medicare is offering a particular health service/exam.

What is HIPAA?

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) is a law passed by Congress to protect patient privacy with regards to medical records and to control the flow of health information. Also, HIPAA was designed to lower administrative costs by setting standards for the filing and processing of insurance claims. HIPAA regulations will affect people at all levels of healthcare, including patients and their physicians.

What is TPO?

Treatment, payment, and operations (TPO) include the routine processes involved in receiving healthcare. There are several examples that encompass TPO. Oftentimes it is necessary to share your health information between healthcare providers, such as providing a referral to a specialist. This is a part of **treatment**. Information about your diagnosis and other health information is required for **payment** from insurance companies. Evaluations of medical records to ensure high quality care provided by our physicians are considered part of **operations**.

Why should I care about TPO?

HIPAA legislation outlines significant differences for the handling of health information for TPO and reasons *other* than TPO. The laws created by HIPAA are designed to expedite healthcare by placing no restrictions on the sharing of your health information for TPO and severely restricting information not required for TPO (e.g. releasing information to other people, even your family members, or for marketing reasons).

How will HIPAA affect me as a patient?

HIPAA will benefit patients in many ways. For example, the Medical Clinic of North Texas, P.A. will provide all patients with information about their rights to privacy. Also, the new regulations make it illegal for healthcare providers to sell your health information to marketers and advertisers without your written authorization. As a patient, you have the right to review your medical record if you believe something is incorrect and request a change. However, only your physician can determine if your medical record is inaccurate.

Will HIPAA have any negative effects?

The intention of HIPAA legislation is to improve the level of privacy for patients.

However, the law requires the patient's written permission before his or her health information can be released for reasons other than TPO. For example, relatives can not call to the clinic and get any health information without you signing an authorization first. Please understand the clinic is working to protect the privacy of all patients and may have stricter policies for the release of such information.

When will these changes take place?

The Medical Clinic of North Texas, P.A. must comply with HIPAA regulations by April 14, 2003. However, every clinic is working diligently to become compliant prior to the deadline.

Who should I contact if I have concerns about the privacy of my MCNT medical record?

The Medical Clinic of North Texas, P.A. has a Privacy Officer available to resolve any privacy issues. Please contact:
